Summer has now come
we continue with coding
MedDRA always here

What is a haiku?
It's not elsewhere classified.
Maybe there's a code.

Verbatim is good
MedDRA is even better
You all should use it

When summer came,
MedDRA has celebrated,
The beauty of terms.

Is coding simple?
It is sometimes so complex!
But is always important.

Sandi Oyola

United BioSource Corporation

So many AEs
So little time to code them
Thank God for MedDRA!

Serious AEs
Need skilled coding to
send to FDA

Leukopenia
or Decreased White Blood Cell Count
Cannot assume terms!

Primary Body
System is the MedDRA way
to code properly!

Title: MedDRA in a Nutshell

Aase syndrome
All that is in between, and
Zygomycosis

Title: Ode to a MedDRA Enthusiast (Alternate title: Cry of the MedDRA Nerd)

So fascinating,
Always something new to learn
Though ten years have past

Don't code the symptoms
When there's a diagnosis.
Points to consider.

Patient reports pain.
Query for location, but
not severity.

Versioning is hard,
but making codelists is worse.
MedDRA: Better'n'naught.

Adverse events fill
my consciousness. I'm coding.
Stop bothering me.

Oh! Dear change request.
Some find you to be fearsome.
You are my ally.

Terminology,
Validated for your use,
By guys who build bombs.

Describe your ailment
In the textbox provided.
Be brief; no novels.

It's a pharma world,
But they let us play in it.
Gout is always gout.

Opportunity:
Win a contest! Let's all try.
Deadlines, deadlines, woe.
